First Training (Pty.) Ltd. is a Construction Management Training Academy established in Botswana in 2009. All courses provided are designed in Botswana for Botswana to serve the needs of our country.

Our courses are Skills-Development, practical based courses, focusing on "First Principles" for active learning. Our main objective is to work in partnership with all the operators and stakeholders in the Construction Industry. With the vision that together we will build a Nation with strong foundations; a Nation filled with an efficient, proud and empowered work force.
